EASTER MUSIC IN THE CHURCHES

Elaborate Programs Arranged by the Choirs For Tomorrow

LENT ENDS TONIGHT

While Snow Will Be on the Ground, Weather Bureau Predicts Warmer and Clear Conditions

But a few hours are now left of the Lenten season of 1915. By midnight the penitential forty days will have expired, and Christians everywhere will again rejoice at the advent of Easter, commemorative of the resurrection from the dead of the Great Author. The last three days of Lent are especially solemn. We all feel like treading easy and talking in low tones as we realize the import of Good Friday and the scenes at Mount Calvary centuries ago when darkness covered the earth for a time. The muffling of the church bells adds to the solemnity of the period from the crucifixion to the resurrection. We are told there was an earthquake as the Savious breathed out his life and that terror seized the people of Judea upon that momentous occasion. The tempestuous conditions this morning and the fact that the bells of the places of worship were silently awaiting the advent of the Christian's great feast were suggestive of the period through which the world is passing.

While Easter means much to those who have reached years of discretion, it is also joyfully anticipated by the young. The exercises in the Sunday schools are animating and interesting on this occasion. Special programs are prepared and the souls of the little ones are enthused as their elders explain the import of the day—anniversary of the rising from the dead of the Great Captain of our Salvation.

Conditions have been gloomy today. The temperature has been as that of mid-winter and rain and snow have added to the gloom of the expiring Lenten season. Fair skies, however, are predicted tomorrow in our neighborhood. While the air may be crisp, the heavens will be clear and Easter Sunday is likely to be all that could be expected.

The choirs of the city churches have prepared special music for tomorrow, and places of worship will be well-attended. The following will be the order of exercises:

FURIOUS BATTLE FOR THE PASSES

Russian Armies Making Supreme Effort in the Carpathians

ON TWENTY-MILE LINE

Invasion of Hungary May Follow With Early Termination of War, it is Thought in Petrograd.

Petrograd, Aril 3—The great battle for the possession of the Carpathian passes is now approaching the decisive stages. The Russian armies are making a supreme effort.

Along a twenty mile line reaching from Vola Michova eastward to the river San, great armies are now locked in death struggle on the icy hills. The invasion of Hungary with a possible early ending of the European war may hinge on the result.

Enthusiastic reports of Russian successes have reached here from correspondents at the front. The war office, while optimistic, does not share the belief that the battle has been won. Important victories have been scored by the Slavs, but the gigantic clash for the Uzsok pass is yet to begin.

Nearly half a million Austro-Germans, it is now estimated, are encamped along the Carpathian battle front, either north of the mountains at the passes themselves, or defending the railway at Mezo Laborc, south of the Lupkow gap. Beyond them are endless chains of trenches and fortified positions that must be forced before the great body of Russian troops pass down the heights and into Hungary.

From Vola Michlova to Smolniz the Russian left wing is making slow but steady progress. Perhaps no army in the history of the world ever advanced under more tremendous difficulties.

A recent thaw melted the snow and covered the mountains with tiny rivulets. Then a sudden dash of zero weather converted the paths and sides into glaring sheets of ice. To these natural obstacles, the Austrians, under German direction, built almost impregnable defences high on the ridges.

In Poland and north of Bukowina constant Russian attacks are driving in the Austro-Germans. In both regions the evident intention of the general staff is to keep the enemy too busy to permit the sending of re-enforcements to the Carpathians.

NEWS OF THE DAY

Five men were killed at the plant of the Equitable Powder Company, five miles from Alton, Ill., yesterday, when an explosion wrecked the press mill. About 5,000 pounds of black powder blew up, and the shock of the explosion was felt above. J. A. Colburn, superintendent of the plant, was among the killed.

Forty thousand natives, workers in the sugar fields of Porto Rico, are on strike for increased wages.

One boy is at St. Joseph's Hospital in Baltimore, two other children are confined to their homes and five others are also suffering from injuries received when a prank of Frank Hazen, 12 years old, resulted in the explosion of a dynamite cap in the classroom of public school room No. 8, at Bush River Neck, Md. The accident occurred while the children were gathered around a stove eating lunch. Hazen placed the dynamite cap on top of the stove as a joke. The explosion followed.

Two more neutral ships have been blown up and sunk with the loss of probably eight lives as added to that in the bread war being prosecuted by the Germans. The commander of the U-10 is quoted as saying he has been ordered to sink everything in sight.

The Christian Church in North Terre Haute, Ind., was level with the ground yesterday. A fire started in the building late last night. When the fire alarm was turned in there was no response. The firemen thought it was an April fool joke. The building was nearly destroyed when they answered a second alarm.

Drawn into the rolls of a washing wringer driven by an eleteric motor, Miss Margaret McConnell was choked to death yesterday in Washington, Pa., when the ends of a scarf she was wearing caught in the machine.

Six firemen were injured early yesterday by falling through a floor while extinguishing flames that did $200,000 damage in the wholesale district of Louisville, Ky.

Clad only in her nightgown, Miss Lillian Hoyer, 21, and one of New York's noted beauties, took a stroll in Fifth avenue yesterday morning. She was taken into custody and sent to Bellevue Hospital, where it was discovered that she was suffering from aphasia. The young woman suffered a nervous breakdown, about three months ago.

Naval circles in Washington were deeply stirred yesterday when it became known that Rear Admiral B. A. Fiske, who has an international reputation as a naval expert, had tendered his resignation of the office of aid for operations and that the resignation had been promptly accepted by Secretary Daniels. The retirement of Rear Admiral Fiske from this important post was the culmination of a long series of difficulties between the aid for operations and the Secretary of the Navy.

Brewers of Washington last night declared they had suffered no loss from the strike of the 200 brewery employes who walked out Thursday afternoon. Skilled foremen from New York have taken charge of the "green" employes, and within a week or two, brewers claim, the new men will have had enough experience to make them as valuable as the men who struck.

Charles Konopka, for six years a constable in Oil City, Pa., and on March 10 the victim of unknown assailants who terribly beat him, was mysteriously murdered early yesterday by two unknown men. Konopka's wife was also attacked and brutally beaten. The woman told the police that she went to the kitchen to investigate a noise which awakened her and was confronted by two men, one of whom pointed a revolver at her head while the other tied her. One struck her a heavy blow in the face. The body of Konopka was found in bed. He had been beaten to death.

On account of the prevalence of night riding in Tennessee the senate has passed the house bill to establish a system of State rangers and to authorize the governor to appoint a constabulary to send into lawless districts.

PRINCE EITEL FREIDERICH

Converted Cruiser Apparently on Verge of Making Dash

ENEMIES AWAIT HER

German Warship and Submarine Reported to be on Ocean to Engage British Men-of-War.

Washington, April 3—An official government dispatch received here by wireless at 1 p. m. says the German cruiser Prinz Eitel Friederich still was at her wharf at Newport News, Va., when it was sent.

Washington, April 3.—A wireless report, absolutely bare of official confirmation, that the Prinz Eitel Friedrich had escaped from Newport News last night, set all Washington by the ears this morning.

Weather Bureau officials said if the Eitel did make the run from Newport News it had an ideal night for it. There was a stiff northeast storm off the capes(with an overcast sky and blinding snow flurries.

If the rumor was untrue it was added that the vessel would never have a better chance than today for its dash for freedom.

The German embassy said it was without news of the Eitel since yesterday. Questioners were reminded, however, that the embassy said then the ship would make a dash if Commander Thierichens saw a good chance.

Norfolk, Va., April 3.—Newspaper men on the water front of Newport News are confident that with everything favorable in the weather the Prinz Eitel Friederich is preparing to make the long-expected dash for the open sea.

Early daring observers who evaded the guards and got within a hundred yards of the pier from the river side in small boats declare that the Eitel is now entirely clear of her pier and that all heavy hawsers and cables have been removed. This indicates preparedness to drop into the stream. It is also said that smoke is pouring from both of her stacks and that all sailors granted shore leave have been rounded up and returned to the ship.

One report widely circulated in marine circles is that the Eitel's time does not expire for some days, and it was also pointed out that irrespective of her time limit, the Eitel, under international law cannot leave Newport News within 24 hours of the departure of a merchant ship flying the flag of any of the Allies.

Close scrutiny is kept by American military forces and the battleship Alabama stands guard in Hampton Roads. Reports current here sometime ago that German warships may have escaped from European waters to come to the relief of the Eitel have been revived by the report from Madrid that the Hamburg-American steamer Macedonia had evaded British cruisers and was making for South American waters with supplies for German warships.

Allied warships reported off the Virginia capes are the Suffolk, Berwick, Caronia and a French vessel, name unknown. Marine men say they are lying on both sides of the channel about 10 miles off by day and four miles at night.

"They may have more than us to fight," was the statement made by the first officer on the German sea raider Prinz Eitel Friedrich, according to reports in circulation at Old Point Comfort.

The officer is also quoted as saying that the German battleship Von der Tann, with a submarine on board is in the Atlantic Ocean and was endeavoring to reach this side. The submarine, he says, is one of the greatest in the German Navy. When fully stocked the undersea boat is capable of remaining away from its base for 40 days.

The Von der Tann, it will be recalled, was reported as having run the gauntlet around the British Isles in an effort to join Admiral von Spee's squadron before the battle at the Falkland Islands.

That the German officers on the Eitel have been playing a game of delay for more than a week has been suspected in American and British official circles. There have been many messages between Captain Thierichsen, of the Eitel, and the German Ambassador at Washington, and it is presumed that the former was apprised of the presence of the Von der Tann on the Atlantic Ocean.

It is planned, so reports say, to have the Titel make a dash for the sea as soon as she is assured that the British and French warships off the Virginia Capes will be too busy looking out for themselves to bother her. The presence of a German submarine among the seven warships off the Capes would cause such fear among them naval men say, that it would be comparatively easy for the Eitel to escape.

HIGH SCHOOL NOTES.

Easter Holidays From Thursday to Tuesday After Easter.

Easter holidays at the High School began with the dismissal at three o'clock Thursday and will close Tuesday after Easter. The decision of the City School Board in regard to the public school holidays was made known Thursday afternoon. Plans have been going on in the school for enjoyable times during the holidays, among the chief of which is the picnic Easter Monday of members of the Third and Fourth Years. The members who will go on this picnic will meet at the school Monday morning.

The Alexandria High School was one of the winners of the ten Pathescope moving pictures machines awarded to the private and public schools of Washington and the vicinity securing the most votes in the contest instituted by the Washington Post several weeks ago. The machine will be brought to the school on the return from the holidays. The Post will also conduct a film exchange and are charging reasonable rates for the use of six films a week. These films include everything that can be of value to the school in making studies more easily understood. The machine was exhibited at the school several weeks ago.

Alexandria High School essays on "The American Merchant Marine: Its Decadence; its Restoration" were handed in to the principal April 1st, who has turned them over to the three judges from this city for a decision. This decision has to be made before the fifteenth of this month, and the winner will be awarded the gold medal for this city by the Newport News Chamber of Commerce which is conducting the contest through the State Board of Public Instruction. The essays of the winners of the different gold medals in the high schools of Virginia in the contest will all be turned in to Richmond where the author of the best essay of these will be given the state gold medal. There were three essays turned in from the local high school, the contestants being Miss Anna Haslett, Albert Bryan, and Tupper Barrett.

A mass meeting of the Players' Association of the High School and the others who helped make the plays a success was held in Mr. Prettyman's room Thursday afternoon at three o'clock to decide which way the money realized from the plays should go. The amount made is placed at $80 as a minimum and is expected to amount to more than that. Much debate and argument ensued as to which way to appropriate it, but it was finally decided that the box receipts and money from tickets sold should be divided equally between the Boy's Athletic Association and the A. H. S. Literary Society, and that the money made from the sale of candy at the two performances should go to the Girls' Athletic Association. The plays are expected to be repeated at the Del-Ray school house shortly. A communication has been sent to the Del Ray School in regard to this, and a favorable answer is expected.

The A. H. S. baseball team was defeated by Friends School, of Washington, yesterday. The score was 10 to 8, and is evidence of an exciting and close game. "Lefty" Gaines and "Dick" Nalls weer on the firing line for the High School. The A. H. S. was beaten by Business High School, of Washington, Wednesday.

OFFERS TO RECALL PROCLAMATION

DAUGHTERS' PROTEST

Richmond Chapter Expresses Disapproval of Proposed Celebration on Field of Appomattox.

Richmond, April 3.—Chairman George Carr Round, of the Manassas jubilee, who brought the wrath of Richmond Confederate organizations upon his head by issuing a call for a jubilee to be held on April 9 at Appomattox, telegraphed last night a copy of a letter which he has mailed to prominent ex-Confederates, in which he offers to recall the proclamation for the Appomattox jubilee if, after reading the full text of the proclamation, the Confederate Memorial Literary Society is still of the opinion that it should not be held.

The Confederate Memorial Literary Society at a meeting held Wednesday roundly denounced the plan to hold a jubilee at Appomattox, on the ground that a jubilee denoted a rejoicing—a proceeding which, the society held, would do violence to the sacred character of Appomattox as the Confederacy's saddest field.

At 11 o'clock this morning Richmond Chapter, United Daughters of the Confederacy, will hold a special meeting in Lee Camp Hall to enter a protest of its own against the proposed Appomattox jubilee.

The letter, which Mr. Round has addressed to former Governor William Hodges Mann, Lieutenant Governor J. Taylor Ellyson and Peter J. White, former commander of Lee Camp, United Confederate Veterans reads:

"If you will secure a meeting of the worthy ladies who constitute the Confederate Memorial Literary Society and read aloud to them the complete text of the call of Manassas to Appomattox and also verses one, two eight, nine, ten, twelve, thirteen, seventeen, eighteen, nineteen, thirty five, thirty six and thirty eight of Leviticus, twenty fifth chapter, the thirteen verses read by me at the opening of the Manassas jubilee, and if, after full discussion in joint meeting as to a fair and reasonable interpretation of the call, the meeting advise that the Appomattox jubilee be not held, Manassas will recall the proclamation.

"It is my idea that high noon of Appomattox Day began a new era in our country and that we could all celebrate, not the surrender, which occurred amid the smoke of battle in the morning, but the birth of peace which originated when the great hearted Grant and the immortal Lee clasped hands at the McLean house."

The scriptual verses referred to embrace the Old Testament injunctions for the holding of a jubilee every fiftieth year.

F. Eaton Alden, of Newark, N. J., committed suicide Thursday night on the Fall River Line steamer Plymouth, which arrived at Fall River yesterday morning from New York. Alden cut his throat before leaping over the steamer's rail into the waters of Long Island Sound. Among his effects found in the stateroom was a letter addressed to his wife in Newark. Financial troubles were set forth in the missive as the cause of the act.

FESTIVE DAY OF EAGLES

Washington Lodge Will Come in Four Special Cars—Auto to be Awarded.

Easter Monday will be a gala day for Alva Aerie, Fraternal Order of Eagles, and their friends. The feature of the concert at the Opera House will be the United States Marine Band of twenty-five members, under the leadership of Professor Jacques L. Von Pouche. Dr. D. N. Kennedy, tenor robusto, will sing first, "Pagliacci," and "Cavatino," from "La Favorita." Following, the great soloist, Mrs. William T. Reed, of Washington, who is so well-known in musical circles, wil render, 'Oh: Come With Me in the Summer Night;" "The Cry of Raphael." and "A Birthday." The great favorite with the local public, Miss Katherine Brill, will render Eben Barley's renowned "Waltz Song." Arthur Whitcomb, Washington's cornet soloist, who has performed so many times at the social functions of the diplomatic circles, will offer Hayden-Millard's "Le Reve d'Amour," and the United States Marine Band will render such beautiful selections, as those from Sousa, Lampe, Stilberitz, Suppe, and others. This famous band needs no commendation as it ranks second to none in the world. The entire musical offering gives to Alexandria an opportunity which has never been presented before.

The auto which has been voiced by the Eagles will be awarded at 9:30 in the Opera House, and as the Washington contingent of the Eagles are anxious to take the same to Washington, it now resolves itself on all Alexandrians to have a voice so the machine will remain in Alexandria, and the local boys are doing their utmost to dispose of the remaining voices.

The Eagles' dance, in which the famous "snow dance" which was inaugurated at the New Year's dance of the Fraternal Order of Eagles, in Washington, will be the special feature, will follow at the Elks' Auditorium. The Marine Band of twenty-five members will furnish the music for the dancing. Special cars will leave Alexandria at 12:10 to take home the Washington members.

A DISAPPOINTMENT.

Had Expected Large Crowd at George Washington Park Monday

William B. Smoot, President, and A. J. Wedderburn, Secretary of the Washington Monument Association, tender the use of George Washington Park to the people of the city for carousals on Easter and other festive occasions. The park affords an ideal play ground for the little ones, while it is equally enjoyed by their elders in quiet strolls, especially at this season when spring is returning. While egg-rolling will be out of the question Monday, the officials hope the youngsters will be on hand and, if they can engage in no other amusement, they can snowball each other to their heart's content. The children on Easter of 1915 can rejoice in the fact that they are conducting their diversions within the limits of old Alexandria.

Several of the policemen of this city have made rounds in the new territory this week. They have been accorded cordial welcome by the new citizens.

Services at the Jewish Synagogue will commence tomorrow night at 7 o'clock instead of 7:30 p. m.

CITY'S NEW BOUNDARIES TO BEGIN ON SCHOOL

City Engineer Dunn Runs Line of Northern Boundary—Will Fix Western Limits Next Week.

E. C. Dunn, city engineer of Alexandria, yesterday completed the work of running the line which will mark the northern boundary of Alexandria, since the annexation of the territory taken from Alexandria and Fairfax counties. Much interest has been taken in this survey as a number of property owners whose homes were located near the new boundary line were anxious to know whether or not they would be included in the new city limits.

The line as fixed by Mr. Dunn is a continuation of the present northern boundary. It passes between the residences of John H. Trimyer and Julian Y. Williams in Cottage Park, leaving the former in the new limits and the latter out The line then cuts through the southwest corner of the residence of Mrs. Webster at Cottage Park, adjoining the Williams' home on the left. Continuing in a straight line it runs through the middle of the residence of Mrs. Noble Lindsey on Braddock Heights and cuts through the chicken shed on the property of J. Johnson Green, joining the Braddock road at a point 30 or 40 feet west of Mr. Green's chicken shed. Both Wallace Lindsey and J. Johnson Green are left out, but the house of J. Lawrence Perry is in the new limits.

Mr. Dunn will run the western boundary next week. The southern boundary is fixed by Hunting Creek and the eastern by the Potomac river.

RETURN OF WINTER.

Rain, Snow And High Easterly Winds Greet Early Risers This Morning.

Acording to the old theory, April borrows a few days from March—that is Borean gales are generally frequent during the first ten days. It seemed this morning that the month had borrowed a day from January. The wind gained a high velocity at an early hour, and long before people began to move about an easterly gale was raging, while rain and snow flew alternately. The temperature was raw, and only those compelled to be out essayed the elements.

Snow fell during most of the day. It was stated at the office of the Western Union Telegraph Company that wires were down between this city and Richmond.

According to the Weather Bureau, this relic of frigid weather is to be followed by northwest winds and clear conditions tomorrow.

LOCAL BREVITIES

Work will be commenced on Monday on a eight room bungalow, constructed of brick and terracotta by Joseph Rodgers, contractor, for Harrie White of this city at Wellington six miles below Alexandria. Mr. White has recently purchased ten acres near Wellington.

The annual meeting of R. E. Lee Camp, Confederate Veterans, for the election of officers, will be held on Monday night in Lee Camp Hall. An address on the civil war will be made by the Rev. J. W. Duffey, D. D. pastor of the Washington street Methodist Church South.

John G. Graham and Kenneth W. Ogden have purchased from Luvenia McDonald, lots Nos. 37 and 38 in block one of Wheat and Suter's subdivision and block No. 39 from Edward McDonald.

A lodge of sorrow was held last night by Alexandria Lodge of Elks at which time suitable resolutions were passed to the memory of W. A. Arnold, a member of the lodge, who died in Oakland, Cal.

SUDDEN DEATH IN FAIRFAX

F. A. Grimsley Expires at His Home Near Pohick This Morning

F. A. Grimsley, an old and well known resident of the Pohick neighborhood of Fairfax county, died suddenly this morning. He is survived by a widow. Mr. Grimsley was an uncle of Norman L. Williamson and Miss Mary Williamson, of this city.

The deceased had many friends and acquaintances in Alexandria, which city he often visited, especially on Saturdays when he occupied one of the stands in the city market.

CITY'S NEW BOUNDARIES TO BEGIN ON SCHOOL

Common Council Concurs in Action of Aldermen in Passing Resolution Appropriating $35,000.

There was a brief meeting of the Common Council last night. It had been called for the purpose of considering a resolution adopted by the Board of Aldermen last Monday appropriating $35,000 for the purpose of beginning the work of erecting a high school building on the lot on the northwest corner of Cameron and West streets. After the resolution had been read the action of the upper board was concurred in by a unanimous vote.

The resolution provides that the total cost of the building shall not exceed $45,000. After the Mayor shall have signed it the work of constructing the building will be commenced at an early date under the supervision of the committees on schools and public property and the city engineer. This committee is authorized to do the work by day labor and sublet contracts.

Mr. Brumback, subsequently offered a resolution that the city borrow an amount not in excess of $30,000 to pay a part to Fairfax county for schools, roads, etc., in connection with the annexation suit and also to be used in the improvement of that territory. The terms of the resolution request the finance committe to report on the matter as soon as practicable of the amount necessary to be borrowed and the best terms on which it can be obtained.

Mr. Brumback said he hoped the finance committee to which it was referred, would act on the matter as expeditiously as possible, as this matter has to be atended to as Fairfax county is anxious to obtain a settlement.

TO OBSERVE ANNIVERSARY.

The 96th anniversary of the I. O. O. F. will be observed by the two lodges in this city on Sunday night April 25th, at which time the Rev. John L. Allison, D. D., pastor of the Second Presbyterian Church, will deliver an address suitable to the occasion. Members of Potomac Lodge No. 38, and Sarepta Lodge No. 46, will attend, escorted by the members of the Patriarch Militants, in full uniform.

Other Church Services

All of the churches have arranged special musical exercises of some kind. At the Second Presbyterian Church there will be a fine program and the pastor, the Rev. John L. Allison, D. D., will preach in the morning on "The Easter Message." In the evening his topic will be "The "Spiritual Resurrection." At the Methodists Protestant Church, the Rev. C. R. Strausburg, pastor, will preach at 11 o'clock on "The Resurrection" and 7:30 o'clock on "The Living Christ." At the Free Methodist Church there will be Easter services at 11.00 a. m. and 7:30 p. m. At St. Mary's Catholic Church the usual Easter services will attract a large congregation of worshippers. A fine musical program has been arranged. The Easter festival of the Sunday Schools of Grace Church, Christ Church, and St. Paul's Church will be held at 9:30 a. m., 4:30 p. m. and 5.00 p. m. respectively.

ALARM FROM WEST END.

Portion of Fire Apparatus Sent to Suburb at Early Hour This Morning.

Between five and six o'clock this morning a call for the fire department came from West End. The Reliance engine and wagon made a quick response, but upon their arrival in the eighteen hundred block on cause for the alarm could be found. Had the alarm been received yesterday the firemen might have regarded it as an April fool joke. This is the first call the department has had from any portion of West End since it passed under the control of the city of Alexandria.

CLOSING HOURS OF LENTEN SEASON.

"O who in such a world as this,
Could bear his lot of pain,
Did not one radiant hope of bliss
Unclouded, yet remain?"

The anniversary of the resurrection of Jesus Christ from the dead will be celebrated throughout the Christian world tomorrow. The faith of all hinges upon the fact that the Great Author of our faith did manifest himself after being in the tomb three days, and that he did mingle with his disciples at times for forty days after the scenes on Mount Calvary has been attested by many who would have had no good reason to perpetrate a fraud upon future generations which cost them so dearly. The early disciples took their lives in their own hands when they proclaimed His resurrection. In the words of the old hymn,

They met the tyrant's brandished steel,
The lion's gory mane,

which they would not had they not possessed positive evidence that the "rising out from among the dead" had been accomplished by their Great Exemplar. The joy incident to the reappearance of Christ after a spear had been thrust through his side to make his decease more certain, sent joy into trusting souls—a joy that has never left the world. It overflowed and extended from a few obscure fishermen to others of their own class to other classes, and to other nations and people. That resurrection song is swelling still, swelling louder and echoing wider. Its notes are being sung by millions of the sons and daughters of men in all lands and in all languages.

MOVEMENTS FOR PEACE.

Petrograd newspapers are still printing articles to the subject of alleged Austrian peace overtures. The newspapers assert that the Austrian emperor appealed through the Pope to Berlin with a view to overcoming Emperor William's "obstinate desire" to continue the war, but that this effort failed, and that he is now trying, through the same medium, in Petrograd to secure a separate peace, offering to surrender Bosnia, Herzegovina and Galicia.

It is said that Austria was to abandon Germany after the fall of Lemberg, and that the Austrian approaches to Russia were made without the knowledge of Germany.

It is generally agreed that Austria has expressed a willingness to yield a large part of her territory.

Advices received in Rome from the Austrian frontier describe the internal situation in the dual monarchy as increasingly grave. Opposition to a continuance of the war is said to be growing stronger among the class which are suffering most from the scarcity of food. Violent anti-war demonstrations are reported to have occurred in several cities especially Vienna.

International labor leaders have decided on a general mass meeting of international labor representatives at Cooper Union, New York, on April 15 to elect delegations to a world congress of labor to take drastic action to stop the European war. The advisability of an international strike of 200,000,000 trades unionists throughout the world will be discussed at the world congress, which is to be held in a leading European city.

Seaford, Del., April 3.—Irvin Winn, of Wetipiquin, Md., ate two ounces of black pepper on a wager here yesterday and is in a critical condition. After he had swallowed a small portion of the condiment he was in agony. He continued eating, however, despite the protest of his opponent, who offered to withdraw the wager.

Winton swallowed the full two ounces and then collapsed. He was carried to his home and is dangerously ill.

BASEBALL TOMORROW.

St. Theresa's And Rex A. C. Opponents of Cardinals And White Sox, Respectively.

Two important games are scheduled to be played in this city tomorrow. The Cardinal Athletic Club, representing some of the best baseball talent in Alexandria, will have for their opponents at 3:30 p. m. at the Park the St. Theresa team, of Anacostia. The game is a hard one for the Cardinals, but they are confident of winning.

'Buck" Becker, former member of the Washington Nationals, will start in the box for the churchmen, and having his battery mate Phepps, and the Anacostians will work behind these two stars to cop a victory. The Cardinals will place their strongest possible line-up on the field, and "Eddie" Thompson will pitch with either McBride or Patterson behind the bat. The infield positons will be protected by Allensworth, Devers, Bauer, and Merchant, while Snowden, Nugent, and either Owen or Lynn will cavort in the outfield. With this line-up of star batters and fielders to go up against the great St. Theresa battery assisted also by good players, a battle royal can be expected.

The White Sox, another strong amateur organization of the city, will pit themselves against the Rex Athletic Club of Washington, at 2:30 p. m. at the Cove. This is the opening game of the White Sox's season and they are going out with several new players and an altogether strong team to win the contest.

Lime-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculosis stage an increased amount of calcium (lime) is lost both in the urine and feces. In fact, a decalcification has been thought to be a forerunner of the development of tuberculosis * * *

"Forced feeding of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alterative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always we have urged users of Eckman's Alterative to attend strictly to matters of food.

In addition to rest and proper diet, some effective remedial agent seems to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections Eckman's Alterative has supplied this need.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

ROAD IMPROVEMENT DAY.

May 6 Set Apart for State-Wide Recognition of Importance of Good Road Movement.

Richmond, April 3.—Road Day will be observed in Virginia May 6.

Every citizen of the State is expected to show in some manner his interest in the improvement of the public highways on that day. This interest can be evinced in each county by contributing a day's labor or furnishing horses, vehicles or implements to the work of repairing the roads.

In many of the counties hundreds of farmers have indicated to the Board of Supervisors their intention to devote the day to road work. Many are giving their own labor, while others are furnishing materials or making a cash contribution to a fund to be used in employing labor.

Governor Stuart has issued the following proclamation:

In compliance with a joint resolution of the General Assembly adopted at its session in 1914, requesting the Governor to designate by proclamation each year one day in the month of May to be known as Road Day, I do hereby proclaim Thursday, May 6, 1915, to be known and observed by the people of Virginia as Road Day.

All citizens are urged to assist in working the public highways of the State on said day. Labor and materials contributed should be under the management of the road boards of supervisors directly in charge, to the end that there may be no waste or duplication of effort.

Loyal support for this movement is earnestly to be desired, for far above the value of contributions will be the spirit awakened in behalf of better roads and the object lesson that will be placed before all the people of the State.

Given under my hand and under lesser seal of the Commonwealth, at Richmond, this, the thirty-first day of March, in the year of our Lord, one thousand nine hundred and fifteen, and of the Commonwealth, the one hundred and thirty-ninth.

(Signed) H. C. STUART,
Governor."

By the Governor:
B. O. JAMES,
Secretary of the Comonwealth.

Harrisonburg, Va., April 3—After their licenses were renewed the six saloon men of Harrisonburg held a conference and agreed upon a list of 80 persons in the town and county to whom they will not sell whisky. SUFFERING IN PREZMYSL.

Cats And Dogs Brought High Prices —Raw Horse Eaten.

London, April 3.—The common soldiers and the populace were the only sufferers from starvation in Przemsyl; the officers had abundant food, wines and cigars to the last, according to the Times' Przemsyl correspondent. The correspondent declares that the available supplies were not economically expended, and that, moreover, the fortress was three times overgarrisoned.

"In the last days," says the correspondent, "cats sold for $2 each, and dogs for $5, for food purposes, as there was no more horseflesh left, except that of the officers' thoroughbreds, which were not killed until just before the Russians entered the city. One of the most harrowing sights of the Russian entry, according to Russian officers, was to see the famished Austrian hordes gathered around the body of an officer's horse in the street, tearing out chunks of flesh, which they ate raw."

COMMON COUNCIL

At an adjourned meeting of the Common Council of the City of Alexandria Va., held April 2nd. 1915, there were present:

Howard W. Smith Esq., President and Messrs. Marbury, H. R. Burke, Leadbeater, C. S. T. Burke, Brumback, Wattles, Harrison, Bryan.

A resolution appropriating $35,000 to begin the construction of a high school building on lot north of Cameron street and west of West street, as recommended by the Joint Committee on Finance, Schools and Public Property which was received from the Board of Aldermen at the last meeting was called from the table and passed. Ayes, Messrs. Marbury, H. R. Burke, Leadbeater, C. S. T. Burke, Brumback, Wattles, Harrison, Bryan and Mr. President —9 Noes 0.

A resolution to borrow sufficient money to pay Fairfax County and other amounts to be expended in perfecting annexation and improving the new territory was presented by Mr. Brumback and referred to the committee on Finance.

The Board then adjourned.

OFFICAL.

An ordinance to amend and re-enact Section 1 and 2 of an ordinance approved September 1896 entitled "An ordinance to amend and re-anact Section 1 and 2 of chapter 18 of the corporation code under the title of lumber".

Be it ordained by the City Council of Alexandria, That Section 1 and 2 of Chapter 18 of the Corporation Code, under the title of lumber, be amended and re-enacted so as to read as follows.:

Sec. 1. That no person, persons, firm, firms or corporations who shall import into the City of Alexandria, for sale any lumber, timbers, boards, plank, or scantling shall sell or deliver the same, or any part thereof, without having the same first inspected and measured by the public sworn inspector of lumber, under the penalty of one dollar and fifty cents for every five hundred feet sold and delivered contrary to the provisions of this section, and in the same proportion for any greater or less quantity'.

Sec. 2. That it shall be the duty of the inspector of lumber to attend at all reasonable times when required, for the purpose of inspecting and measuring lumber; and he shall mark all boards, plank, and scantling with a marking iron in strong and legible marks according to the quality and true number of feet contained in each piece, making such allowance for decayed or split lumber as to him shall seem reasonable; and in case the seller or purchaser shall object to the same two disinterested persons shall be called in, one by each party, who may call in a third person as umpire, and the decision of the majority so selected shall be final and binding on all parties. That all unsound, wormeaten, or irregular sawed boards, plank or scantling and all wind shaken boards or planks, shall be deemed of inferior quality, and shall be condemned and marked with a round 0 with a cross thereon and the rotten part shall not be included in the measurement, and all clear boards or plank shall be marked with the letter C. All planks, boards, or scantling not exceeding eight inches square that are sound shall be measured by the rate of board measure, except boards under three-fourths of an inch, which latter shall be measured on the surface and marked, and shall be deemed merchantable, and all merchantable lumber shall be marked by the said inspector according to its classification, in legible character. That the said inspector of lumber shall be entitled to a fee for his service at the rate of twenty cents for every thousand feet of lumber, timber, boards, plank, or scantling inspected by him, as aforesaid, to be paid by the purchaser; provided, however that the provisions of this and the preceding section shall not apply in cases where lumber, timber, boards, plank, or scantling have been previously measured and inspected and when evidence of such measurements inspection shall appear or be exhibited by certificate of a qualified inspector of lumber.

Sec. 3. This ordinance shall be in force from and after its passage.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui *to-day*.

SAFETY FIRST
BUY YOUR MILK FROM
"Oakland Dairy Farm"
And know what you are drinking. The following is the average chemical analysis of the last twelve samples of milk taken by the D. C. Health Department out of shipments made by the OAKLAND DAIRY FARM.

Fat B.	O. Solid	Water.
3.88	8.73	87.39

The bacteriological analysis as taken by Thompson's Dairy is 9,000 basilli. 10,000 and under is rated as perfect by the health department. This is the only dairy furnishing milk in Alexandria direct to the consumer from a herd regularly inspected and tuberculin tested by the U. S. B. A. I. Let me have your order for pure, wholesome milk.

Our Motto is to Pleaes

There's an old proverb:
"Halving your wants quadruples your wealth"
Over almost everything except our virtues, there might be written this condemnation: "Too much." As late as the Eighteenth Century the general lot was crude and mean. Your rich grandfather suffered discomforts compared with which your surroundings are luxurious." —Herbert Kaufman
